OPENING DATE:

May 1, 2022

CLOSING DATE:

Until Filled

AREA OF CONSIDERATION:

All non-prior service and prior service applicants must be eligible to enlist in the 139th Airlift Wing.

DUTIES:

The Spectrum Operations technician analyzes requirements and requests frequencies to support terrestrial, aircraft, and space systems and coordinates radio, radar, land, and other electromagnetic radiating or receiving requirements. They possess a solid understanding of wireless communications systems technologies and Electronic Warfare (EW) tactics, techniques, and procedures, and serve as counsel to commanders and combatant commanders on all spectrum issues. They also provide guidance to program offices, developers, and potential users of spectrum dependent equipment planned for purchase or modification before being introduced into the Air Force inventory. Related DoD Occupational Subgroup: 120100. Manages and performs defensive cyber operations and cyber support functions (DoDIN operations) in-garrison and at deployed locations. Surveys, secures, protects, defends, preserves, designs, builds, operates, and extends data, networks, net-centric capabilities, and other designated systems. This Air Force Specialty Code description incorporates the use of DoD Cyber Workforce Framework (DCWF) Codes to tie this specialty description to the framework. The DCWF was developed by the National Institute of Standards and Technology (NIST) and the DoD to establish a common lexicon and model for all cyber work. The DCWF will universalize training and education between academia, industry, and military. It will also enable talent management by ensuring the right Airmen, for the right assignment, at the right time.
