Standard Operating Procedures: MOARNG Enlisted Promotion System (EPS)  
Chapter 1 – Introduction

**Chapter 1 - Introduction**

1. Purpose: To prescribe rules and provide guidance to the procedures governing promotions and reductions of Missouri Army National Guard enlisted personnel.

a. The contents of this SOP are effective immediately.

b. Regulatory and policy guidance take precedence over this SOP when conflicts exist.

2. Current forms, checklists, policies and regulations referenced in this document are located in the [J1 Master Library > PER-AB Public > EPS GKN SharePoint](#) and the MOGUARD website (<https://www.moguard.ngb.mil/resources/enlisted-promotion-system/>)

Standard Operating Procedures: MOARNG Enlisted Promotion System (EPS)  
Chapter 2 – Responsibility

## Chapter 2: Responsibility

1. Convening and promotion authorities: IAW reference 1, the State AG is the convening and promotion authority for all promotions. The State AG has:

a. Delegated the conduct, management, and signature authority for this program to the Director of Manpower and Personnel.

b. Delegated promotion authority to the assistant AGs and subordinate CDRs as follows:

(1) COL or higher for promotion to SFC through MSG.

(2) LTC or higher for promotion to SGT and SSG.

2. Promotion lists approval: The Military Personnel Management Office (MPMO) will review all board findings and sign all promotion lists before distributing them to Senior Commands. Under the provision of reference 1, the State AG may disapprove board results. Approved promotion lists will have an effective date and will be distributed electronically.

3. All levels of command are responsible for being familiar with the applicable chapters of **reference 1, 2, and referenced policies**.

a. Senior Commands are responsible for distribution and accuracy of EPS documents, suspense timelines, and updates to the Integrated Personnel Pay System Army (IPPS-A). Senior Commands will utilize ASCO "U5" to track Soldiers selected under the Select Train, Educate, Promote (STEP) process and ASCO "C4" for Soldiers selected by Statewide Vacancy Announcement (SWVA) without the required PME. Additionally, Senior Commands will maintain EPS promotion packets and documents for no less than five years.

b. Senior commands are responsible for generating and disseminating PERs to the unit level. See [chapter 4 para 3](#) for details. Step-by-step guidance on how to generate and modify PERs can be found in chapters 13 and 14.

c. BNs are responsible for the oversight of the EPS process at the BN and unit level.

Standard Operating Procedures: MOARNG Enlisted Promotion System (EPS)  
Chapter 2 – Responsibility

d. Units will ensure that every Soldiers IPPS-A record is accurate and up to date. The Soldier's military education level, located in the Soldier's person profile, must be correct as it is used to determine the Soldier's eligibility to be boarded.

e. Unit Commanders must validate EPS documentation and recommend or deny promotion board consideration for all eligible Soldiers within their unit. Commander recommendations and denials must be completed in IPPS-A. See chapter 11 for step-by-step guidance.

f. First line leaders will assist Soldiers in reviewing their IPPS-A record and making elections. See chapter 10 for step-by-step IPPS-A election guidance.

4. Special Responsibilities: Recruiters will be moved from their current CPMOS list to the 79T E6 to E7 list upon submission of their conversion packet to NGB. Recruiting and Retention BN will inform the EPS Manager upon submission of conversion packet to NGB. If conversion is denied, the SM will revert to their current CPMOS.

Standard Operating Procedures: MOARNG Enlisted Promotion System (EPS)  
Chapter 3 – Promotion Considerations

**Chapter 3: Promotion Considerations**

1. The annual EPS MOI will include the minimum eligibility criteria for board consideration.
2. New Accessions: Soldiers must be accessed into the MOARNG with a procurement date NLT then the respective board's convening date to be considered by the FY24 EPS Board. Soldiers who are accessed on or after the convening date may request a standby advisory board (STAB). Soldiers that interstate transfer (IST) into the MOARNG on or after the respective boards convening date may request a STAB if they had promotion list standing in another state.
3. Not Considered: Soldiers in the following statuses will not be considered for the promotion board (IAW reference 1, para 7-4 and 7-20):
  - a. Barred from Continued Service.
  - b. Non-selected for retention by a board (QRB, ASMB, any administrative separation board other than medical).
  - c. STEP Soldiers are not required to compete for promotion on subsequent lists per reference 1 para 7-28c.
  - d. Assigned to the Inactive National Guard (ING).
  - e. Qualifying conviction for domestic violence (Lautenberg) IAW AR 600-20.
  - f. No high school diploma or equivalent.
  - g. No Army MOS.
  - h. Soldiers who lose their required security clearance eligibility for cause (denied or revoked).
  - i. AGR Soldiers serving in their initial tour that will not have their first 18 months completed by their respective list's expiration date.
  - j. Soldiers denied consideration by their Commander.
  - k. Soldiers currently assigned in a Title 10 AGR status will be considered by the Title 10 promotion authority.
  - l. Soldiers previously selected to attend USASMA who did not complete the

Standard Operating Procedures: MOARNG Enlisted Promotion System (EPS)  
Chapter 3 – Promotion Considerations

course, for any reason other than hardship, are not eligible to attend the course again; and therefore, are not eligible for consideration or promotion to SGM. Waivers and exception to policy requests are not authorized.

4. Soldiers in or entering officer programs (OCS/WOCS) will be considered for promotion per reference 3. This modifies reference 1, para 7-44.
5. Soldiers selected and serving in higher grade positions, in any capacity other than STEP, must submit a board packet to be considered for promotion.
6. Soldiers who enter on T32 or T10 ADOS from the MOARNG will be considered for promotion under the provisions of reference 1 chapter 7. These Soldiers remain under the promotion and orders-issuing authority of the MOARNG.

## Chapter 4 - Consideration Packet Processing

1. Denial of Consideration: Unit Commanders must make a “yes” or “no” recommendation for all eligible Soldiers within their commands (see enclosure 3 of the EPS MOI for eligibility criteria). When making recommendations, Commanders will consider reasons including, but not limited to, misconduct, insufficient experience, knowledge, potential to serve in a higher grade, or locally filed derogatory information. Commanders initiating a denial of promotion consideration will follow procedures IAW reference 1 para 7-33.

a. Denial elections must be completed through IPPS-A. To recommend or deny Soldiers from consideration, Commanders must acquire the appropriate IPPS-A role/access. See chapter 11 for how-to guidance. Board packets will not be submitted for Soldiers denied consideration by the Commander.

b. Denials must be completed in IPPS-A NLT the date listed in the timeline enclosed in the annual EPS MOI.

2. Career Progression MOS (CPMOS): Soldiers are considered for promotion based on their CPMOS. CPMOS change requests are an annual requirement and are only approved for the current cycle. The CPMOS will normally be the PMOS unless there is a compelling reason for it to be another MOS that the Soldier is qualified in.

a. Soldiers may request consideration for promotion in a different CPMOS for which they are qualified by submitting a DA Form 4187 ([Form Template #11](#)).

b. Soldiers will be moved to their new CPMOS list when their PMOS aligns with their DMOS during the EPS cycle (ie. SM completed MOS re-class course). Senior Commands will notify Actions Branch office after updating the Soldier’s Person Profile tab in IPPS-A and validating the Soldier’s supporting documentation in iPERMS.

c. Soldiers serving in 00F positions will compete for promotion based on the PMOS they held prior to being placed in their current positions. Soldiers who desire to compete in a different qualified MOS must have an approved CPMOS change request.

Standard Operating Procedures: MOARNG Enlisted Promotion System (EPS)  
Chapter 4 – Consideration Packet Processing

3. Promotion Eligibility Rosters (PERs):

a. Commands will filter and disseminate PERs to subordinate commands by UIC utilizing the guide located in chapter 13.

b. Units ensure all Soldiers are listed on the PER, in the appropriate grade and CPMOS, regardless of eligibility. Ensure eligibility is annotated in the right margin.

c. Unless the Commander denies consideration, units process EPS packets on all eligible Soldiers assigned, attached, and in the Medical Management Activity (MMA). Units will ensure all Soldiers are listed on the PER. Units with attached personnel are responsible for coordinating with the unit of assignment to ensure each Soldier has a completed packet.

d. Units will use the 90-day rule to process EPS packets. The losing unit will complete packets for Soldiers transferred within 90 days from the board convening date. This date is established in the timeline enclosed in the annual EPS MOI. The gaining unit is responsible for Soldiers transferred prior to 90 days.

e. Annotate unsatisfactory participants, as defined in [AR 135-91](#), on the PER. EPS packets are not required for UNSAT Soldiers.

f. Senior Commands roll-up all PERs within their command and submit one PER for each rank.

4. Board Elections: Soldiers will make their elections in IPPS-A.

a. Soldiers that are eligible for consideration will make their board elections and validate their promotion points (if applicable) in their individual Promotion Board Preferences tab in IPPS-A. Soldiers will be counseled regarding their promotion status, how to have changes made to IPPS-A, and how to validate their promotion board preferences. These counseling's do not need to be provided to State. Soldiers unable to validate their preferences and/or points will have their preferences/points validated by the Commander.

b. STEP Soldiers are not required to compete for promotion on subsequent lists per reference 1 para 7-28c and should not make board elections.

Standard Operating Procedures: MOARNG Enlisted Promotion System (EPS)  
Chapter 4 – Consideration Packet Processing

c. Soldiers who fail to complete elections will not be considered for promotion.

5. Reviewing Promotion Points in IPPS-A: Soldiers being boarded to SGT and SSG will review their promotion points prior to validating their promotion board preferences.

a. Promotion points validation (Reference 4 chapter 1):

(1) Awards and Decorations: reference 4 tables 6 and 7.

(a) FTUS and Soldier verifies all awards which count towards promotion points are in the Soldier's IPPS-A profile and are accurately calculated on the PER. See reference 4 for federal and state awards and badges promotion point values.

(b) BDEs will manage reviewing awards. Supporting documentation is not required to be submitted to PER-AB.

(2) Weapons Qualification: reference 4 tables 2 and 3.

(3) ACFT/APFT: reference 4 paragraph 2b, tables 4 and 5.

(a) FTUS and Soldier verifies ACFT/APFT data in DTMS and updates the PER with the promotion point value.

(b) Soldiers will use their most recent record APFT (regardless of time) or ACFT (taken after 1 April 2022) for promotion point purposes.

(c) Soldiers who have never taken a record APFT or passed an ACFT since 1 April 2022, will be awarded a minimum passing ACFT score (360 points).

(d) Soldiers flagged for APFT or ACFT failure will not receive promotion points or a minimum passing ACFT score. Soldiers must pass the ACFT to obtain promotion points.

(4) Resident training: reference 4 paragraph 4b.

(5) Primary Military Education (PME): reference 4 paragraph 4a.

(6) Computer Training: reference 4 paragraph 4c.

Standard Operating Procedures: MOARNG Enlisted Promotion System (EPS)  
Chapter 4 – Consideration Packet Processing

(7) Civilian Education: [reference 4 para 5](#).

(8) BDEs will manage review and validation of all data. Unless otherwise specified on the checklist, supporting documentation is not required to be submitted to PER-AB.

b. Validating promotion board preferences:

(1) Soldiers who desire to decline consideration will complete a DA 4187 ([Form Template #11](#)) and will leave preferences unfilled.

(2) Soldiers input their CPMOS (CPMOS is the Soldiers PMOS unless a CPMOS change request is approved by the MPMO) and make their mileage election. Soldiers not making a mileage election will default to statewide consideration.

(3) Soldiers elect if they wish to be considered for MOS immaterial positions. Soldiers not making an MOS immaterial election will default to “Yes”.

(4) Step-by-step guidance to make board preference elections can be located in chapter 10.

c. Soldiers who do not make elections before 6 January 2024 will not be considered for promotion.

6. Missouri Enlisted Promotion Checklist:

a. All eligible Soldiers selecting to be considered for promotion will complete the Enlisted Promotion Checklist. SPCs will utilize the “Missouri Enlisted Promotion Checklist (E4s Only)” ([Form Template #2](#)).

b. Soldiers that are unavailable to review and sign his/her documents must have applicable documents annotated with “Soldier unavailable to sign”.

c. EPS packets are not required for Soldiers who are denied consideration by their Commander or who decline consideration. [The denials must be completed through IPPS-A and declinations through submitting a DA 4187 \(\[Form Template #11\]\(#\)\)](#).

Standard Operating Procedures: MOARNG Enlisted Promotion System (EPS)  
Chapter 4 – Consideration Packet Processing

7. Letter to the President of the Board (LPB):

a. Soldiers, excluding those being considered for SGT, must write to the president of the promotion board to provide any necessary explanations calling attention to any matter concerning any unknowns or documents that are missing, incorrect, or erroneous within their record or packet.

(1) Utilize the Letter to the President of the Board ([Form Template #3](#)) to address missing items or inconsistencies and provide explanations.

(2) No one other than the Soldier being considered may correspond with the promotion board (this includes modifying the considered Soldier's LPB).

b. Any letter seen by the promotion consideration board becomes part of the board record. Non-receipt of a letter to the president of the board is not grounds for reconsideration by a STAB, as described in reference 1, para 7-49.

8. APFT, ACFT, and Weight Control History:

a. APFT/ACFT: Soldiers must validate, with assistance from their FTS, that their DTMS record accurately reflects their APFT or ACFT history. The EPS MOI and Enlisted Promotion Checklist directs the timeframe the board may consider.

b. Height/Weight: Soldiers must validate, with assistance from their FTS, that their IPPS-A and DTMS record accurately reflects their weight control event history. The EPS MOI and Enlisted Promotion Checklist directs the timeframe the board may consider.

c. Soldiers who acknowledge/sign their checklists and later find an error within their event history after the board concludes, will NOT be re-considered for a STAB. Material errors must be identified and addressed in the Soldier's LPB.

d. The Soldier's FTUS is responsible for ensuring all APFT, ACFT, and weight control events are up to date and accurate in DTMS and IPPS-A. Soldiers, whose data cannot be fixed, must explain the error in their LPB.

9. Selection Record Brief (SRB):

a. SRBs must be added to each Soldier's consideration packet. SRBs must be current (within 12 months) and validated. Certified SRBs are not acceptable.

Standard Operating Procedures: MOARNG Enlisted Promotion System (EPS)  
Chapter 4 – Consideration Packet Processing

b. Soldiers unable to electronically validate due to mitigating circumstances will handwrite their signature and date.

c. Unavailable Soldiers that have out of date and/or un-validated SRBs must have their SRB annotated with “Soldier unavailable to sign”.

d. Soldiers unable to have their SRBs corrected/updated should address and provide the correct/missing information in their letter to the president of the board.

10. The following documents are not authorized to be submitted with a Soldier's promotion consideration packet:

a. Correspondence to the board from anyone other than the individual Soldier.

b. Correspondence that criticizes or reflects on the character, conduct, or motives of any Soldier.

c. Incomplete appeals of items such as NCOERs, 1059s, or Article 15 actions.

d. Incomplete NCOERs. Only NCOERs that are in the iPERMS record will be viewed.

11. Submission of EPS packets: Senior Commands must upload EPS packets with all required documentation.

a. Soldiers assigned to Soldier Recovery Unit (SRU): BN CSMs will coordinate with Soldiers on medical hold in the SRU to determine who is best suited to process their EPS packet.

b. Mobilized Soldiers: Units will process EPS packets for deployed Soldiers using the 90-day rule. Units with attached personnel are responsible for coordinating with the unit of assignment to ensure each Soldier has a completed packet.

c. EPS packets will be uploaded to the respective Senior Command folder within [General - EPS Actions Dropbox](#) in accordance with the timelines listed in the annual EPS MOI. Naming convention is as follows: SSN\_LASTNAME (example: 123456789\_SNUFFY).

Chapter 5 – Filling Vacancies (SGT-SGM)

## Chapter 5 – Filling Vacancies (SGT-SGM)

The following procedures are covered in this chapter. Click any procedure below to skip to its specific clarification/guidance.

<a href="#">Priority Placement List (PPL)</a>	<a href="#">00F Promotion List</a>
<a href="#">Select, Train, Educate and Promote (STEP)</a>	<a href="#">Selection/Hiring Board (AGR Only)</a>
<a href="#">Lateral assignment (optional)</a>	<a href="#">Accepting/Declining Promotion</a>
<a href="#">Enlisted Promotion System Selections</a>	<a href="#">SWVA – Special Skills Positions</a>
<a href="#">EPS Selection Rules</a>	<a href="#">Excess personnel</a>
<a href="#">Statewide Vacancy Announcement (SWVA)</a>	<a href="#">ADOS Selections</a>
<a href="#">Medical Management Activity (MMA)</a>	

1. Request for Fill (RFF) memorandum: Filling a vacant position begins with a RFF memorandum ([Form Template #4](#)) submitted from the unit level to the respective command level determined by the position rank (see [paragraph 6](#) below). The AGMO 4104 ([Form Template #5](#)) is signed and dated on the initial date the attempt is made to contact a Soldier to fill the position.

2. Units will fill NCO vacancies utilizing the following the steps in sequence order as they appear below:

- a. [Priority Placement List \(PPL\)](#)
- b. [Excess personnel](#)
- c. [Lateral assignment \(optional\)](#)
- d. [Enlisted Promotion System](#)
- e. [Selection/Hiring Board \(AGR Only\)](#)
- f. [Statewide Vacancy Announcement \(SWVA\)](#)

3. Priority Placement List (PPL): The PPL consists of Soldiers who are over-grade, displaced due to re-organization/deactivation, and SFCs through SGMs currently in excess. Senior Commands send notice to the MPMO of personnel in these categories to add to the PPL. MSCs will contact Soldiers in order of the displacement date from the PPL that meet grade, MOS, and commuting distance criteria. The PPL is located on the GKN SharePoint site in the following location: [J1\\_Master\\_Library > PER-AB\\_Public > EPS](#).

Standard Operating Procedures: MOARNG Enlisted Promotion System (EPS)  
Chapter 5 – Filling Vacancies (SGT-SGM)

4. Excess Personnel: Promotion authorities may not fill positions by promotion if over grade or excess personnel are available within the travel limitations of AR 135-91.

5. Lateral Assignment (optional): Soldiers who are concurrent in grade and are duty MOS qualified may be reassigned to the vacancy.

6. Enlisted Promotion System Selections:

a. SGT and SSG: BNs will contact, select, and fill vacancies for SGT through SSG following the rules in [paragraph 7](#). MSCs will validate these selections.

b. SFC and MSG: BNs will forward units RFF memorandum ([Form Template #4](#)) to their Senior Command. MSCs will contact, select, and fill vacancies for SFC through MSG positions following the rules in [paragraph 7](#). PER-AB will validate these selections.

c. SGM: MSCs will forward RFFs for SGM vacancies to PER-AB to contact, select, and fill.

d. 1SG and CSM: Will be filled IAW [chapter 6](#).

e. AGR (All Ranks): Human Resource Office (HRO) manages the AGR vacancy fill process. When a vacancy exists, an SF 52 is submitted through the chain of command to the HRO.

7. Selections are made off the EPS list using the rules in the order listed below:

a. Commands will begin at the top of the list and work their way down, bypassing Soldiers who are flagged or fall outside their elected mileage. Mileage is calculated by using the Defense Travel System (DTS) mileage calculator to determine distance from a Soldier's HOR to a particular armory.

b. AGR Only: The AGR Manager verifies which Soldiers are eligible IAW reference 1 para 7-4t, NGR 600-5, and the Missouri AGR Handbook. Soldiers must have their first 18 months of their initial AGR tour complete prior to selection.

Standard Operating Procedures: MOARNG Enlisted Promotion System (EPS)  
Chapter 5 – Filling Vacancies (SGT-SGM)

c. If the selection criteria in paragraph 7a results in no selections, the Command will start back at the top of the list and contact those previously bypassed due to being outside of their elected mileage.

d. After a selection is made, the AGMO 4104, acceptance correspondence (email or text message), and a copy of the utilized EPL with remarks will be forwarded through the chain of command to the EPS Actions Dropbox Teams channel. Naming convention is as follows: *Action Type\_Last Name\_Date accepted\_UIC* (examples: *PROM/TRF\_SNUFFY\_20230505\_W8AJAA* or *TRF ONLY\_SNUFFY\_20230505\_W8AJAA*).

8. Accepting/Declining promotion and assignment: Upon making positive contact (Soldier acknowledges receipt by phone, text or email), Soldiers will have two full working days to accept or decline a position.

a. Soldiers will receive every opportunity for a position.

(1) The gaining Command will attempt to make positive contact for a minimum of three working days. This must include at least one phone call and email attempt per day. After three working days with no contact, the gaining Command will notify the unit of assignment (owning unit) who will then attempt to make positive contact for a minimum of two more working days. This must include at least one phone call and email attempt per day. For a deployed Soldier, the owning deployed leadership (1SG or Commander) will be responsible for making contact.

(2) After a minimum of five working days, if no positive contact is made, the owning Readiness NCO or deployed leadership will provide a statement (email or memorandum format) confirming the attempts and result of negative contact. This should include an explanation for "no positive contact." The gaining Command S-1 will then prepare an affidavit validating the contact attempts and result of negative contact. Both the statement from the owning unit and the affidavit will be included in the final selection packet. The Command may proceed down the promotion list to the next eligible Soldier.

b. Declination of an assignment for which eligible and available will be in writing (email or text is acceptable). The Soldier's declination will be included in the selection packet. If a Soldier declines an offer for a promotion, the Command may continue down the list until the vacancy is filled. If written declination or a response after positive contact is not received within two days, the unit utilizes

Standard Operating Procedures: MOARNG Enlisted Promotion System (EPS)  
Chapter 5 – Filling Vacancies (SGT-SGM)

the Declination Affidavit ([Form Template #6](#)) to confirm declination. Include documentation in the selection packet. The S-1 NCOIC or OIC will sign the affidavit.

(1) Soldiers who decline a promotion, or fail to respond after positive contact, that fall within the area of declination are removed from the promotion list.

(2) Military Technicians (MT) who decline promotion because of a compatibility or grade inversion will remain on the promotion list.

(a) MTs will be contacted and offered promotion opportunities regardless of if it appears to create a compatibility or grade inversion issue.

(b) Commands will ensure all MTs have been recommended to contact the Human Resource Office (HRO) for questions concerning compatibility and grade inversion issues.

(3) MDAY (excluding dual status) Soldiers offered positions with a mobilizing unit reporting to MOB site within 120 days, may decline the position and remain on the promotion list.

(4) ADOS/OTOT personnel on a long-term tour of 90 days or more who decline a promotion because it jeopardizes individual ADOS/OTOT status will be removed from the list until the condition that prevented the acceptance has expired. MSCs notify Actions Branch when the condition no longer exists.

(5) A Soldier who accepts a promotion and assignment to a unit while their current unit is within 12 months of deployment, will remain with the deploying unit until REFRAD, unless the Soldier is released (in writing) by the promotion authority from the losing command.

9. Selecting from 00F promotion list (MOS immaterial positions): Selecting authorities utilize the 00F promotion list and follow the same rules outlined in [paragraph 7](#) above. Soldiers who are contacted will be informed of possible bonus recoupment/termination conflicts. Soldiers with bonus recoupment/termination conflicts are authorized to decline without being removed from the CPMOS list but will be removed from 00F list.

Standard Operating Procedures: MOARNG Enlisted Promotion System (EPS)  
Chapter 5 – Filling Vacancies (SGT-SGM)

10. AGR Selection/Hiring Board: Under no circumstances will interviews be conducted to select AGR personnel for higher grade positions against a promotion list. M-Day and AGR Soldiers selected for an AGR position, after the promotion list was exhausted of AGR personnel, may be promoted immediately upon assignment to the vacancy, provided the Soldier is on a valid promotion list and holds the position's MOS as either primary, secondary, or additional.

11. AGR Allocation Upgrade: AGRs, whose allocation is changed to a higher grade, may be promoted when fully eligible and on top of their respective promotion list.

12. Special Skills Positions: 15T UH-60 Helicopter Repairer (MOS 15T2F, 15T3F, and 15T4F) requires the Special Qualification Identifier (SQI) "F" (flying status) for placement of qualified Soldiers. These positions will be filled by utilizing the EPS list to select Soldiers who currently hold SQI "F". Upon exhaustion of this list, these positions require utilizing the Statewide Vacancy Announcement (SWVA) process to fill the vacancy. Soldiers selected for assignment utilizing the SWVA process must be fully qualified (SQI "F") prior to promotion. Soldiers who elect to only be considered for flying positions will not be offered non-flying positions.

13. Statewide Vacancy Announcement (SWVA): The SWVA process is detailed in [reference 2](#). The following adds clarification, emphasis, and procedures:

a. Within 10 days of exhausting all EPS steps to fill a vacancy, BNs will submit a RFF ([Form Template #4](#)), identifying the need for a SWVA, through channels to the respective Senior Command's EPS Actions Dropbox Teams channel. Naming convention is as follows: *SWVA Request\_Date Requested\_DMOS\_UIC (SWVA Request\_20230505\_42A4O\_W8AJAA)*.

b. PER-AB will generate the SWVA. RFFs must be submitted NLT 30 days prior to the expiration of the respective EPS list. Opening/closing rules are as follows:

(1) SWVAs are announced and open until filled or the expiration of the respective EPS list, whichever is earlier. SWVAs must be open for a minimum of 15 days before initial interviews may take place. Specific, further rules and guidance can be found on published vacancy announcements.

Standard Operating Procedures: MOARNG Enlisted Promotion System (EPS)  
Chapter 5 – Filling Vacancies (SGT-SGM)

(2) Commands will specify on the SWVA request the number of days (minimum of 15) the announcement will be open before the first interview is conducted. If a selection is not made, the SWVA will remain open and commands may conduct additional interviews at their discretion until the date listed above (para 11b(1)), or a selection is made.

c. Selecting commands will use the SWVA Interview Board Results document ([Form Template #7](#)), to report the names of the applicants and the interview results. This document will be included with the final selection packet.

d. Interviews will take place in person or via telephone. All attempts will be made to accommodate the needs of the applicants to ensure all Soldiers have an equal opportunity to interview.

e. Interview boards will be comprised of a minimum of three individuals, senior in grade to all applicants, and match applicant diversity as much as possible.

f. The selecting official will be the unit Commander. The approval official will be the appropriate promotion authority based upon the vacant position grade.

g. The SWVA Interview Board Results Document, AGMO Form 4104-R, and the SWVA Statement of Agreement will be forwarded to the respective Senior Command's EPS Actions Dropbox Teams channel NLT 14 days from the date the interview resulting in selection adjourns. The selecting command is responsible for notifying all interviewed Soldiers of the results upon approval. Naming convention is as follows: *SWVA Selection\_Date accepted\_Last Name\_DMOS\_UIC (SWVA Selection\_20230505\_SNUFFY\_42A40\_W8AJAA)*.

h. Soldiers selected for an SWVA position, who are in a stabilization period, must obtain a BDE release memo to accept the position.

i. While SWVAs can be announced to all sources, priority consideration should be given to DMOSQ Soldiers. If the selection is a non-DMOSQ Soldier and other applicants are DMOSQ, the BN/BDE CSM will provide justification for the selection to the promotion authority. The BN CSM will provide justification for E5-E6 positions, and the BDE CSM will provide justification E7-E8 positions.

j. Soldiers must agree to become duty MOS qualified within one year. The MPMO may approve an extension beyond the one-year period.

Standard Operating Procedures: MOARNG Enlisted Promotion System (EPS)  
Chapter 5 – Filling Vacancies (SGT-SGM)

k. Soldiers who are placed into higher-grade positions through the SWVA process must be on the current promotion list and be otherwise fully eligible to be promoted.

14. SWVA process to fill special skills positions: The following positions have mission essential requirements or special skills as a requirement for placement of qualified Soldiers. These positions require utilizing the SWVA process to fill vacancies. Soldiers selected for assignment and promotion of a special skill position must be fully qualified (ie. SQI and/or ASI) prior to promotion. Filling this position requires Senior Commands to work directly with PER-AB. RFFs for special skills positions may be submitted year-round without regard to EPS list expiration dates as the list is not utilized to fill these positions. The following positions have been identified as “Best Select” positions:

a. Regional Training Institute (RTI) Instructor ([reference 2](#), para 2-23) and Inspector General (AR 20-1).

b. Due to the additional training and security requirements defined in NGB G6 DCOE-E CONOPS and USCYBERCOM Cyber Missions Forces Training Pipeline, positions under the Defensive Cyber Operations Elements (DCO-E) assigned to JFHQ and Det 1, 179th Cyber Protections Team (CPT) have been identified as "Best Select" positions.

c. Command Maintenance Discipline Program (CMDP) inspection team positions and the 00F Executive Assistant positions within UIC W8AJAA.

[d. 68W Flight Medics \(MOS 68W2F, 68W3F, and 68W4F\).](#)

e. Aviation Standardization Instructor/Flight Instructor (positions with the N1 Additional Skill Identifier (ASI)) must be DMOSQ and currently have the ASI N1, attending ASI N1 school, or enrolled into ASI N1 school, Nonrated Crewmember Flight Instructor/Standardization Flight Instructor. If the pool for N1 qualified Soldiers is exhausted, the SWVA will be sent out without regard for N1 ASI, pending G3 School funding approval.

f. The SASMO Automation LOG Specialist, UIC W8AJAA, must currently have the primary MOS 92A with the award of ASI N8.

g. The EEO/EO Advisor NCO, UIC W8AJAA, must currently have the SQI Q, Equal Opportunity Advisor.

Standard Operating Procedures: MOARNG Enlisted Promotion System (EPS)  
Chapter 5 – Filling Vacancies (SGT-SGM)

15. Select, Train, Educate, and Promote (STEP): Soldiers who are selected from the promotion list and assigned into a higher graded position without the required NCOPDS level.

a. Upon selection, Soldiers without the required NCOPDS will be coded “U5” and counseled on the requirement to complete NCOPDS IAW reference 1, Table 7-4.

b. Removal from selection status: Soldiers who exceed the timeline and meet one of the conditions outlined in reference 1, Table 7-4 and para 7-39e, may be removed from their higher graded position by the promotion authority.

(1) Commanders must follow the removal process outlined in the Removal from Selection Status policy, [MPPM 18-001](#) located in the following location: [J1 Master Library > PER-AB Public > EPS GKN SharePoint folder.](#)

(2) Commanders will initiate bars to continued service and code Soldiers “W4” when Soldiers become “legacy” in their PME as defined by [reference 3](#). In lieu of a bar to reenlistment, Soldiers may request voluntary administrative reduction to the next lower grade in which they meet the current PME requirements.

(3) Soldiers will be reassigned to the first available vacancy commensurate with their current grade and MOS.

16. Selecting Soldiers on Active Duty Operational Support (ADOS):

a. T32 and T10 ADOS Soldiers selected for promotion require a memorandum of approval from both Senior Command and ADOS chain of commands. This approval allows Soldiers to remain on ADOS in the promotable status. The memorandum will be included in the selection packet. If disapproved, the Soldier will remain on the list and be available for selection.

b. T32 and T10 ADOS/OTOT personnel on a long-term tour of 90 days or more who decline a promotion because it jeopardizes individual ADOS/OTOT status will be removed from the list until the condition that prevented the acceptance has expired. Senior commands notify PER-AB when the condition no longer exists.

Standard Operating Procedures: MOARNG Enlisted Promotion System (EPS)  
Chapter 5 – Filling Vacancies (SGT-SGM)

17. Selecting Soldiers assigned to MMA: Soldiers selected for promotion who are in the MMA will remain in the MMA. Senior Commands will notify PER-AB after selecting a Soldier in the MMA. Selecting authorities will then continue executing the EPS process to fill the position with a Soldier not in the MMA.

## **Chapter 6 – Filling Vacancies (1SG, BN CSM, BDE CSM)**

1. Clarification and emphasis to the following procedures covered in this chapter are as follows:

- a. [1SG Fill Procedures](#)
- b. [CSM Fill Procedures](#)
- d. [AGR/MT Command Leadership Assignment Program \(CLASP\)](#)

2. Filling 1SG positions: The selection process for filling 1SG positions will be by a 'Best Qualified' Leadership Board. The respective Brigade Commander (selecting official) is the approval authority.

a. Units will initiate an RFF ([Form Template #4](#)) when a unit 1SG vacancy occurs and submit the RFF through their chain of command to their MSC. The MSC will:

(1) Consider current 1SGs statewide for a lateral transfer. Current serving 1SGs are defined as those who were serving as a 1SG on the day the EPS board convened, 23 October 2023.

(a) The MSC S-1 will initiate transfer if the 1SG identified is within the Senior Command.

(b) 1SGs selected from outside the MCS require approval from both MSC commanders (in the form of an LOA and LOR), as well as concurrence from the State CSM. Upon approval, the request will be sent to MCMB, Actions Branch. Upon receipt, Actions Branch will initiate the transfer.

(2) If no 1SGs are identified for lateral transfer, the MSC will forward the RFF to Actions Branch.

b. Actions Branch will validate the vacancy and generate a 1SG Selection Certificate for the MSC to action. The certificate will remain open for 45 days allowing all candidates the opportunity to interview. Certificate candidates include:

Standard Operating Procedures: MOARNG Enlisted Promotion System (EPS)  
Chapter 6 – Filling Vacancies (1SG, BN CSM, BDE CSM)

(1) MDAY SFCs and MSGs: The certificate will only include those MSGs and SFCs, listed alphabetically, who hold the respective MOS as a PMOS, SMOS, or AMOS. If no selection is made from the first certificate, a second certificate will be generated to include all eligible Soldiers on the 1SG Consideration List.

(2) AGR Soldiers are eligible for a 1SG position when their MTOE assignment is within the supported chain of command. For example, AGR Soldiers serving at the Battalion level could serve as a First Sergeant in subordinate companies within the Battalion; AGR Soldiers serving at the Brigade level could serve as a 1SG in subordinate companies within the Brigade; or AGR Soldiers serving at JFHQ, or any TDA unit, could serve statewide.

(a) AGR MSGs: Eligible for 1SG CLASP (see para 4 below).

(b) AGR SFCs: SFCs who were boarded for 1SG and meet the Zone of Consideration may only fill 1SG positions that have been annotated as AGR. (Only AGR SFCs who hold 11 series, 13 series, or 74D as a PMOS, SMOS, or AMOS are to be considered for 1SG.)

c. 1SG Selection Boards will consist of the BN CDR (Board President), the CO Commander and the BN CSM at a minimum.

d. 1SG Selection Boards for AGR 1SG positions will consist of BN CDR or BDE AO (minimum grade O5), BN CSM or BDE Ops SGM, and the SCSM/CSEL. The BN CDR may authorize any additional personnel he/she deems necessary.

e. The 1SG Selection Board President (BN CDR) will:

(1) Ensure contact is made with all Soldiers listed on the certificate offering the opportunity for consideration. Those who decline to interview will remain on the list.

(2) Ensure boards consist of a female or minority member when female or minority applicants are considered.

(3) Serve as the selecting supervisor and sign the 1SG Selection Certificate upon making a selection.

Standard Operating Procedures: MOARNG Enlisted Promotion System (EPS)  
Chapter 6 – Filling Vacancies (1SG, BN CSM, BDE CSM)

f. Once a Soldier is selected and approved, the Senior Command will forward the completed certificate to their EPS Actions Dropbox Teams channel.

g. A Soldier selected for 1SG will be assigned, promoted if necessary, and laterally appointed concurrently.

3. Filling CSM positions: CSM positions may be filled by either lateraling a CSM currently serving at the same level (BN to BN or BDE to BDE, or by a 'Best Select' Leadership Board.

a. CSM laterals will be worked between MSC Commander(s) and CSM(s), ATAG(s), and SCSM/CSEL.

b. To fill via 'Best Select' leadership board, the MSC will initiate a RFF.

(1) Actions Branch will validate the vacancy and generate a CSM Selection Certificate for the MSC to action. The certificate will remain open for 45 days allowing all candidates the opportunity to interview. Certificate candidates include:

(a) All CSMs, and Soldiers on the respective CSM list, who hold the respective MOS as a PMOS, SMOS, or AMOS. If no SMs meet this criteria, the certificate will include all currently serving CSMs and Soldiers on the respective CSM Consideration List.

(b) AGR Soldiers are eligible for CSM consideration within their respective Senior Command or statewide if assigned to a TDA unit.

c. Board Makeup:

(1) BN CSM Selection Boards will consist of the BDE CDR (Board President), BN CDR, BDE CSM, and the SCSM/CSEL. The BDE CDR may authorize any additional personnel he/she deems necessary. The MPMO will identify O6 Board Presidents for those O5 commands lacking an O6 in their chain of command.

(2) BDE CSM Selection Boards will consist of the Assistant AG (Board President), BDE CDR, and the SCSM/CSEL. The Assistant AG may authorize any additional personnel he/she deems necessary.

Standard Operating Procedures: MOARNG Enlisted Promotion System (EPS)  
Chapter 6 – Filling Vacancies (1SG, BN CSM, BDE CSM)

(3) The Selection Board for the AGR BN CSM position with the Recruiting and Retention BN will consist of the Director of Manpower and Personnel (selecting official), the SCSM/CSEL, and the RRBN CDR.

d. The CSM Selection Board President will:

(1) Ensure contact is made to all Soldiers listed on the certificate offering the opportunity for consideration. Those who decline to interview will remain on the list.

(2) Ensure boards consist of a female or minority member when female or minority applicants are considered.

(3) Serve as the selecting supervisor and sign the CSM Certificate upon making a selection.

e. If a certificate consists of 20 or more eligible Soldiers the board president may take the following steps.

(1) Determine how many Soldiers are interested in the position. If 10 or less want to interview, the board president will proceed with scheduling and conducting interviews.

(2) If more than 10 Soldiers want to interview, the president may conduct a paper board to narrow the pool.

(3) The paper board criteria must be objective and will be developed in conjunction with the CSEL or all personnel that will sit on the interview board.

(4) The paper board may not narrow the pool to less than 5 Soldiers.

f. Once a Soldier is selected, the Senior Command will forward the signed CSM Certificate to their respective Assistant AG (selecting official) for final review and approval. Approved certificates will then be forwarded to Actions Branch for processing.

g. If no selection is made from the initial certificate, a second certificate will be generated and will include all currently serving CSMs and Soldiers on the respective CSM Consideration List.

h. The Adjutant General will nominate the selected Soldier for the next scheduled NGB (DA) CSM selection board, if required.

Standard Operating Procedures: MOARNG Enlisted Promotion System (EPS)  
Chapter 6 – Filling Vacancies (1SG, BN CSM, BDE CSM)

4. Military Technician and AGR Command Leadership Assignment Program (CLASP). NGR 600-5 addresses this topic. Key points include:

- a. CLASP packets, when required, are completed by the Senior Command in which the Soldier will be assigned and are submitted to the HRO. The required documents to acquire a CLASP are contained in [Form Template #9](#).
- b. A military technician leadership assignment must not result in a grade inversion.
- c. AGR Soldiers may not exceed their full-time authorized grade position. Promotions based on CLASP assignment are not authorized. AGR Soldiers assigned to a CSM or 1SG billet must also be assigned to an equally graded FTS position at the JFHQ, TDA, or higher headquarters in the chain of command.
- d. CLASP leadership assignments are not to exceed three years.
- e. An ARNG full time support member is not allowed more than one CLASP assignment per level as 1SG, BN CSM, or BDE CSM.
- f. Senior Commands must obtain approval by the Chief of Staff (COS) with advisement from the CSEL prior to initiating an RFF on an enlisted vacancy created by a CLASP. The request for approval will be in memorandum format and sent through the HRO.

Standard Operating Procedures: MOARNG Enlisted Promotion System (EPS)  
Chapter 7 – Eligibility Criteria for (Pin-on) Promotion

**Chapter 7 – Eligibility Criteria for (Pin-on) Promotion**

1. Requirements:

a. NCOPDS:

(1) MSGs/1SGs must complete Term 1 of Phase 1 of the non-resident USASMC as a pin-on requirement to the rank of SGM. Soldiers attending the resident USASMC must graduate from the course to meet pin-on requirements.

(2) SFCs must graduate Master Leader Course (MLC) for promotion to MSG.

(3) SSGs must complete all phases of the Senior Leader Course (SLC) for promotion to SFC.

(4) SGTs must complete all phases of the Advanced Leader Course (ALC) for promotion to SSG.

(5) SPC/CPLs must complete Basic Leader Course (BLC) for promotion to SGT.

(6) IAW [reference 5](#), until superseded or rescinded, Commanders may request to waive the above PME completion requirements for temporary, conditional promotions. Soldiers are eligible provided they are otherwise fully qualified.

b. Security Clearance:

(1) Per the FY24/FY25 MTOE, all NCO positions require a minimum of a secret security clearance or higher. To be eligible for selection, Soldiers must not have a denied or revoked security clearance.

(a) Upon selection, Soldiers who do not have the required security clearance must be counseled by their current command stating that they have 30 days to initiate the security clearance application. The counseling will state that if the Soldier fails (not the unit) to initiate the security clearance application then he/she will be reduced and removed from selection status. Approval authority for this reason is the MPMO. All requests must include the counseling statement.

Standard Operating Procedures: MOARNG Enlisted Promotion System (EPS)  
Chapter 7 – Eligibility Criteria for (Pin-on) Promotion

(b) If all other promotion eligibility criteria is met, Soldiers may be conditionally promoted after the counseling has been signed and completed.

(2) In addition to the FY23 and FY24 MTOE, the DA PAM 611-21 provides MOS specific security clearance requirements.

(3) Soldiers who lose their required clearance for cause (denied or revoked) will be removed from the promotion list IAW reference 1, para 7-4c.

c. SRO (Service remaining obligation) for promotion to SFC through SGM is 36 months. Per **reference 3**, there is no SRO for promotion to SGT and SSG.

d. Stabilization: The Soldier must report for duty in the position to which promoted, comply with a reassignment order, if issued, and serve at least 18 months in the duty position from the effective date of promotion before becoming eligible for voluntary reassignment. If the stabilization period differs because of a special skill, it will be annotated in the job announcement IAW the correlating regulation.

## Standard Operating Procedures: MOARNG Enlisted Promotion System (EPS) Chapter 10 – EPS Election How-to Guide

UNCLASSIFIED//FOR OFFICIAL USE ONLY

Self Service Talent Management Workcenter

The Army is undertaking the most comprehensive reform of its three officer personnel systems (Active, Guard, and Reserve) across the T Officer Personnel Act of 1947. The 2019 National Defense Authorization Act granted several new authorities that provide the Army flexibility characteristics of a future talent-based system. The Army has determined how it will implement the new authorities and is on the verge of policies and initiatives that set Army Talent Management in motion.

The Army is moving from the industrial age to the information age through modernization changing:

- How we fight: Multi-Domain Operations
- How we equip: Army Futures Command
- How we manage our People: 21st Century Talent Management

5. Select “My Profile” and validate that your profile is accurate and up to date (ie. education, qualifications, awards, etc.).

## COMMANDERS RECOMMENDATION OF CONSIDERATION ELECTIONS IN IPPS-A

There are 2 ways that Commanders or their delegates can make recommendations. Procedure 1 shows how to make recommendations without the additional promotion role (slower process) and procedure 2 with the additional promotion role (faster process).

Delegates have to use procedure 2 in order to make recommendations for their Commander.

### PROCEDURE 1:

1. Login to IPPS-A (link provided below) and select the Manager Self Service homepage.

<https://hr.ippsa.army.mil>

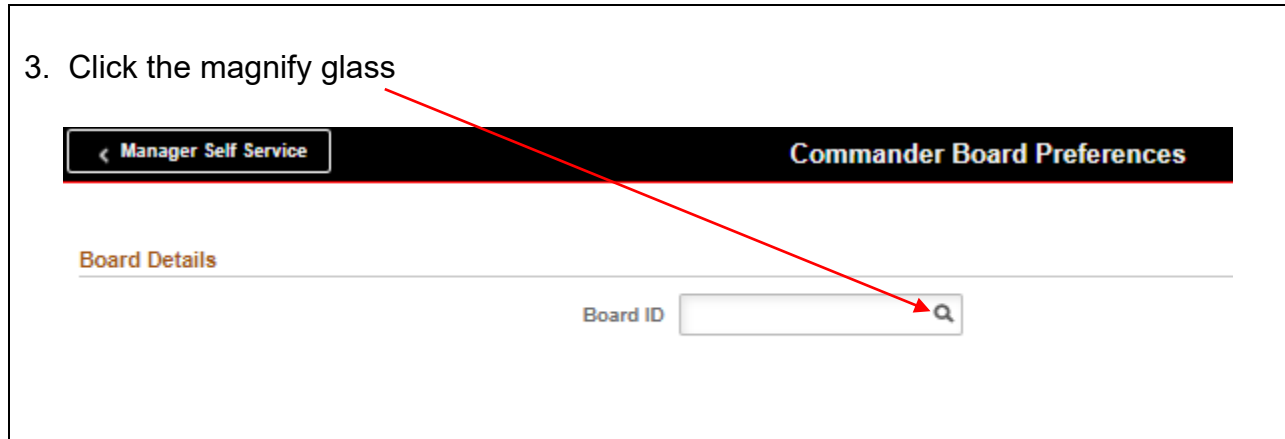

2. Under Manager Self Service, click the “Commander Board Preferences” tile.

The screenshot displays the IPPS-A Manager Self Service dashboard. The dashboard features a grid of tiles with various icons and titles. A red arrow points from the text above to the 'Commander Board Preferences' tile in the bottom-left corner of the grid. Another red arrow points from the text above to the 'Manager Self Service' dropdown menu in the top navigation bar.

Below this, the title 'Board Roster' is displayed, followed by the instruction: 'Enter any information you have and click Search. Leave fields blank for a list of all values.' A 'Find an Existing Value' button is located above a search criteria section. The search criteria section includes several dropdown menus and text input fields: 'Board Identifier' (set to '='), 'Board Name' (set to 'begins with' and 'FY24'), 'Board Status' (set to '='), 'Year' (set to 'begins with'), 'Board Process' (set to '='), and 'Board Type' (set to '='). ### How to Acquire the Promotion Role:

In order to be able to update promotions points you will need to self-enroll in the Promotions D/L. Go to the IPPS-A Hands on Learning Tab in the Self-Service and type "Promotions Program-DL" in the search bar. The training shouldn't take more than 15-20 minutes (there are 3 modules but 1 of them should already be completed because of the HR Pro training). After you have completed the training, click on the access request tile on the self-service menu and create an access request (no SAAR is required).

When creating the request you will see a plus sign next to the roles that you currently possess. On the bottom role, click the plus sign and a new row will appear. For that role, put HR Professional in the role column and Promotions in the sub-role column. VERY IMPORTANT: In the comments section at the bottom, include the UIC you need access to and the role that you hold in the organization. If you are a commander's delegate, you HAVE to add specify this in the comment section.

After your training has been completed and your access request has been submitted, notify 1LT Cavelli Thompson by email at [cavelli.a.thompson.mil@army.mil](mailto:cavelli.a.thompson.mil@army.mil), or the PER-PS office at (573) 638-9500 ext 37666.
